### Better Plants For Less Money

Charles Winchester

LIBRARY

REC'D

★ FEB 27 1937  
In an endeavor to supply you with better plants  
for less money, I have had to cut overhead costs  
U. S. in getting out this catalog — poorer paper, etc.

Liability charges and guarantees are the same  
as other reliable firms, as I expect repeat orders.  
It is my policy to please you in all respects.

If In Washington, Include 3% Sales Tax.

Read regulations on postage, and study the ab-  
breviations of dahlias as given in the classifica-  
tion chart, to learn the description of dahlias.

# DAHLIAS

Dahlias of quality and distinction. I have a great many listed that are very late introductions and if they had been sent to trial gardens and proved their worth would be selling at sky-rocketing prices.

Please don't judge by my low prices that the dahlias are mediocre.

Postage is paid on orders of \$5.00 and over. Under \$5. add 40c extra for postage. If it takes less, I will send it to you minus the cost of sending it. have 300 varieties but not all catalogued.

### THE DAHLIA BARGAIN COUNTER

If your order amounts to \$5., I will give an extra dahlia, my selection of ones I have't enough to list; 3 free ones on a \$10. order; 5 free ones on a \$15. order; 6 free ones on a \$20. order. No pompons given.

Here is an offer that should please the most critical: I will sell you 12 choice varieties, my selection, in varieties not listed in the catalog, labeled for only \$4. postpaid, or 6 varieties for \$2.

If you are disgusted growing the ordinary spinach, because it yields so little and goes to seed so quickly, then try Orach. It tastes most like spinach, loves cool weather to germinate and grow; grows to six feet high; has very large fleshy leaves; Orach — liberal packet — 25c

Dahlia Seed. Seed sown in March will produce large clumps and bloom as early as root plants. Seed gathered from cactus and exhibition stock. Liberal packet — 25c.

Columbine — A magnificent strain on long spurred large flowers in a wide range of colors and combinations and bi-colors. A liberal packet — 25c.

### PACIFIC STRAIN OF POLYANTHUS PRIMROSES

As the polyanthus group is the most hardy and easiest to grow of all the primrose family, succeeding practically in every climate, I have concentrated my work on improving this particular variety.

There are many different colors, shades, blends, and hues. Bloom very early profusely for a long period of time. Require partial shade in hot climates, no-shade at all here.

I have had outstanding success in shipping successfully all over the U. S.

I ship well rooted plants of blooming age in mixed colors: — 6 for \$1.75; 12 for \$3.; 25 for \$5.50 post-paid.

# HARDY EARLY ENGLISH CHRYSANTHEMUMS

Perhaps by this time most of you have tried these hardy English mums and know how early and hardy they are. Some are very large. I don't propagate late blooming varieties.

Postage paid on orders of \$3. and over; under \$3. include \$.40 extra for postage and packing. Price 35c each; 12 for \$3.50; 24 for \$6. Customer's choice. At a higher rate each, add the extra amount to the quantity rate.

35c each on the following, except a few priced a little higher:
